Once the concept is solidified, write a detailed script that includes dialogue, scene descriptions, and pacing cues.

Creating Storyboards and Animatics

Storyboarding is essential for visualizing your narrative. Follow these steps:

- Sketch key scenes and camera angles.
- Map out scene transitions.
- Add timing and movement details.
- Convert storyboards into animatics?animated versions with rough timings?to preview pacing.

Designing Characters and Environments

Design characters with distinctive features and personalities. Consider:

- Style consistency
- Color schemes

- Expressions and poses

Create environment concepts that support the story's mood and tone.

Production: Bringing Ideas to Life

This phase involves actual animation, which Tony White emphasizes as both an art and a craft.

Choosing the Right Animation Technique
