What Is an Acrostic Poem?

Definition and Basic Structure

An acrostic poem is a type of poetry where the first letter of each line spells out a word or message vertically. Typically, the chosen word or phrase is related to the poem's theme, and the lines are crafted to reflect or elaborate on that word. The structure is simple yet flexible, making it accessible for young writers.

For example, if the word is "FRIEND," each line would start with a letter from F to D:

- Friendship is a bond so strong,
- Reading stories all day long,
- Incredible moments we share,
- Everyone shows they care,
- Never alone when you're near,
- Dreams and laughter, so clear.

Types of Acrostic Poems

Acrostic poems can vary in complexity:

- Simple acrostics: Short, straightforward, often used in classroom activities.
- Thematic acrostics: Focused on a specific theme, like friendship, school, or nature.

- Palindrome acrostics: The poem reads the same forwards and backwards.
- Hidden message acrostics: The vertical word or phrase is a secret or surprise element.
