- Japanese Word: Usually written in hiragana for beginner learners, sometimes with kanji if appropriate.

The Core Gameplay

Neko Atsume is a casual mobile game developed by Hit-Point Co., Ltd., where players create a virtual yard filled with toys, food, and furniture to attract cats. The main goal is to attract as many different cats as possible, each with their own personalities and preferences.

Players do not actively control the cats; instead, they set up the environment and wait for the cats to visit. When a cat visits, it leaves behind mementos (called ?kitties?), which can be collected and displayed in a virtual album. The more cats you attract, the more items and collectibles you unlock.

Attracting Cats

Different cats are attracted to specific items and foods. For example:

- Fish-shaped toys tend to attract certain cats.

- Special furniture may appeal to unique or rare cats.

The Cats and Their Personalities

There are dozens of cats in the game, each with distinct appearances and behaviors:

- Common cats like Sassy Fran and Fluffy
- Rare cats such as S'mores and Cattus
- Special cats that appear during specific events or seasons

Tracking these cats and ensuring their visits is a key aspect of gameplay.
