To understand the revolutionary nature of Christianity, it is essential to grasp the context of the Roman Empire during the first century CE. The empire was characterized by:

- Extensive territorial expansion and centralized authority
- Religious pluralism, but with a strong emphasis on pagan worship and emperor cults
- Social hierarchies that marginalized the poor, slaves, women, and non-Roman peoples
- Military dominance and political stability maintained through coercion and conquest

Amidst this backdrop, new religious ideas emerged, challenging the status quo and offering alternative visions of life and community.

As Christianity gained influence, it began to impact political institutions:

- Emperor Constantine?s Edict of Milan in 313 CE legalized Christianity, leading to its dominance in the Roman Empire.
