Limitations and Areas for Improvement

Limited Focus on Speaking and Listening without Supplementary Materials

While the workbook promotes oral practice through discussion prompts, it inherently lacks extensive listening or speaking activities. Learners seeking comprehensive speaking skills may need to supplement with additional resources such as language exchange partners, audio materials, or speaking practice software.

Potential Repetitiveness

Some users have noted that certain exercises can feel repetitive, especially if used extensively without variation. Incorporating more diverse task types or integrating multimedia could mitigate this

issue.

Lack of Interactive Elements

In the digital age, many learners prefer interactive, multimedia-rich materials. The static nature of a workbook might limit engagement for some, suggesting a need for digital components or online platforms to enhance interactivity.

Cultural and Contextual Limitations

While the thematic units are generally relevant, some content may lack diversity or fail to represent a broad spectrum of cultural perspectives, which is increasingly important in global language education.
